

SEIF AHMED BAHAA ELDEIN

ASPIRING DATA SCIENTIST

Giza, Egypt • +20 101 296 0231 • Seif.ahmed2580@gmail.com
linkedin.com/in/seifahmed1 • github.com/Seif-Ahmed645

CAREER OBJECTIVE

Aspiring Data Scientist with a strong foundation in Computer Science, programming, and analytical problem-solving. Seeking to apply technical skills to real-world data challenges and contribute to data-driven solutions while continuously developing expertise in Data Science and Machine Learning.

EDUCATION

B.Sc. in Computer Science
Capital University

2025 – 2029
GPA: 3.25/4.0 (Very Good)

EXPERIENCE

Data Science & AI Intern

07/2026 – Ongoing

Digital Egypt Pioneers Initiative (DEPI) – Ministry of Communications (MCIT)

Egypt

- **Program Overview:** Fully-funded national scholarship by MCIT targeting tech talents in AI and Data Science.
- **Technical Track:** Mastering Data Science, Python, SQL, Data Analysis, and Machine Learning algorithms through practical tasks.
- **Non-Technical Track:** Training in Freelancing, Career Coaching, Soft Skills, CV Writing, and LinkedIn Optimization.
- **English Track:** Enhancing professional English communication and technical reporting skills.

Programming Fundamentals Trainee

11/2025 – 03/2026

Route Training Center

Giza, Egypt

- Mastered core programming concepts, software fundamentals, and database design using C++, Java, and SQL.
- Applied Object-Oriented Programming (OOP) principles and Data Structures to build modular applications.

COURSES & CERTIFICATES

- **Data Science & AI Track** – Digital Egypt Pioneers Initiative (DEPI) *(07/2026 – Ongoing)*
 - **Technical Mastery:** Acquired hands-on experience in Data Analysis, SQL database querying, Python programming, and fundamental Machine Learning algorithms.
 - **Professional Soft Skills Track:** Developed key career skills including Freelancing platforms strategy, CV writing, LinkedIn optimization, and effective team communication.
 - **Business English Track:** Improved professional English fluency, technical report writing, and business presentation techniques.
- **Programming Fundamentals Diploma** – Route Training Center *(11/2025 – 03/2026)*

- Built a solid foundation in algorithmic thinking, problem-solving, and core programming concepts in C++ and Java.
- Implemented Object-Oriented Programming (OOP) design principles including Encapsulation, Inheritance, and Polymorphism.
- Learned data structures fundamentals and designed normalized relational database schemas using standard SQL queries.
- **German Language Certificate (A1 Level)** – Goethe-Institut *(Completed)*
 - Developed basic oral communication, listening comprehension, and functional everyday conversation skills in German.
 - Mastered essential German vocabulary, foundational grammar rules, sentence structuring, and introductory reading.
 - Enhanced multilingual capabilities to facilitate effective technical collaboration in diverse, global team environments.

SKILLS

- Python, C++, C, Java, SQL, HTML, CSS, JavaScript, Git, GitHub, OOP, Data Structures, Databases.
- Teamwork, Problem Solving, Time Management, Communication, CV Writing, LinkedIn Profile Optimization.
- **Languages:** Arabic (Native), English (B1), German (A1)

PROJECTS

- | | |
|---|--------------------------|
| CarShowroom Website
<i>University Team Project</i> | 04/2026 – 05/2026 |
| <ul style="list-style-type: none"> • Designed and developed a responsive luxury Car Showroom website using HTML5, CSS (Flexbox/Grid), and JavaScript. | |
| Bank Management System
<i>Course Team Project</i> | 02/2026 – 03/2026 |
| <ul style="list-style-type: none"> • Implemented core banking functionalities in C++ using OOP concepts and Git/GitHub for version control. | |
| Library Management System
<i>C++ Project</i> | 01/2026 – 01/2026 |
| <ul style="list-style-type: none"> • Developed a desktop C++ application applying full CRUD operations utilizing parallel arrays. | |
| Personal Course Organizer Website
<i>Front-End Development Project</i> | 03/2026 – 03/2026 |
| <ul style="list-style-type: none"> • Built a personal web application to organize academic courses and study schedules using HTML5 and CSS. | |
| Dancing Light Circuit
<i>Digital Logic Design Hardware Project</i> | 12/2025 – 12/2025 |
| <ul style="list-style-type: none"> • Built and tested a breadboard hardware circuit using a 555 Timer IC and CD4017 Decade Counter to generate sequential LED lighting patterns. | |
